

16 Jan. 45

Dear Members of the Bryant Service Club.

I received your swell present of those swell knitted socks and believe me there going to come in mighty handy a week from today. We go out on bivouac then and were going to a real cold place for three weeks. It's well up on one of the tallest & most beautiful mountains. Enclosed you will find a post card showing what I mean. This picture was taken in the summer time so you can well imagine how it is there now.

I know this letter is a little late, but I didn't receive

it until I come back from
a twenty four day furlough.
At this time even though
it is slightly late I want to
wish you all a very Happy
New Year. I hope that a year
from today I will again be
back in school finishing my
course with Mr. Fursky, Appleby,
Naylor, Vinal and last but not
least Mr ~~Geo~~ "Cigar" Richards.

I was very grateful not only
for the socks but to know that
the club is still going as strong
as it did when the class of '43
founded and organized it.
Thanks again.

Sincerely
Jerry Class of '43
